WOLFERS MADE A HIT

Pickering Boy Made "Keynote" Speech to Missouri University Students.

Columbia, Nov. 23.—In the first "Beat Kansas" mass meeting of the university students held here tonight, Fred Wolfers of Pickering made the speech of the season. He talked on the "proper Missouri spirit," and his remarks against the steps being taken by some just now to take down all anti-Kansas signs and give the Jayhawkers a pink tea reception were cheered again and again by the students. Mr. Wolfers spoke in mass meeting about a week ago, creating scarcely less enthusiasm than he did tonight.

In spite of the season's record, every university man and woman is confident of a victory over Kansas Saturday. Everything is in readiness for the big game, and adequate preparations have been made to accommodate the crowd at Columbia. There has already been a large seat sale, but enough temporary seats were built so that there will be no trouble in securing seats at the gate Saturday.

THREE SENTENCED

DEFENDANTS IN TAR PARTY WHO PLEADED GUILTY GET ONE YEAR

LOOKS LIKE A HUNG JURY

Kansas Case Which Has Excited Intense Indignation is Likely to End in a Mistrial.

Special to Democrat-Forum.

Lincoln Center, Kan., Nov. 24.—Three men who pleaded guilty on November 16 to taking part in the famous "tar party" case were sentenced this morning by Judge Weaver to one year in the county jail. They were Jay Fitzwater, E. G. Clark and Watson Scranton.

The jury in the famous "tar party" case, wherein Mary Chamberlain is the prosecuting witness, was still out this afternoon, and the opinion is that it will be a hung jury. The defendants that were on trial, the case going to a jury Thursday morning, were Sherrill Clark, A. N. Simms and John Schmidt. These three men were going to the scene of the assault but failed to get there until after the tarring had been done.

Lincoln Center, Kan., Nov. 24.—For more than six hours the jury in the "tar party" case considered the testimony, but when the regular adjournment of the day session was taken at 6 o'clock no verdict had been reached. A recess of an hour and a half was ordered and at 7:30 o'clock a night session was begun.

Shortly before midnight Judge Grover called the jury to the court room and asked if any pregress was being made.

"We are making headway, but there is no immediate prospect of a verdict," replied Foreman Dillon.

The judge then reconsidered his determination to send the jury to their hotel at midnight and ordered the baliff to give the jury a recess of a few hours and then return them to their room.

"I intend to keep them out the rest of the night if necessary," said Judge Grover.

As the afternoon hours rolled by and no verdict was reached, the opinion that a "hung" jury would result, which has been freely ventured ever since the trial began, grew stronger. The defense and the state admitted that the cases against the three men were not equally strong, and that conditions for long discussion were favorable.

None of the court attaches nor attorneys have been able to determine upon just what point the jury had under discussion, but it was generally believed that there existed a possibility that the 12 men doubted if the tar mixture was really used on the young school teacher. The mixture was not pure tar. It was a roof paint, but very thick and containing a large amount of tar.

The suggestion also was made that the jury might have doubted the stain on the handkerchiefs was made by the same kind of paint that the can contains, in which case the link between the paint can and the tarring episode would be severed.

An effort is being made by the attorneys for the confessed men to have sentence deferred until the next term of court. The court has not promised to do this, but will hear arguments on the matter after the present case is settled.

Mrs. James Mahaffey of Lenox, Ia., arrived in Maryville Thursday evening to spend a few days with the C. J. Alderman and M. J. Alderman families.

THREE MADE REPORT

CANVASSERS IN FIRST, THIRD AND FOURTH HAD 176 NAMES.

JOS. JACKSON PRESIDENT

Local Option Organization Completed —Executive Committee Given Authority to Name Committees.

At a meeting held Thursday evening in the M. E. church, South, of those back of the movement to submit local option to a vote of the people of this city, Joseph Jackson, Sr., was elected chairman of the organization to fill the place of S. G. Gillam. Mr. Gillam declined to accept the office on account of this being a busy time of the year in his business, and also being a member of the board of public works.

There are 176 signers to the petitions asking the city council to call a special election to vote on the proposition, so it was reported Thursday evening. Some of the solicitors did not report at the meeting, and no report was made on the number of signers secured in the Second ward. The following are the numbers of signers secured in the different wards as reported: First ward, 48; third ward, 96; Fourth ward, 48.

More than enough signers are on the petitions now, so the council will have to call the election. It required one-tenth of all the votes polled at the last general election to make it imperative on the council to name a date for the election as petitioned. The petitions will still be circulated and all of the signers will be secured that can be.

Joseph Jackson, Sr., as chairman, George Moore as vice president, J. H. Sayler as secretary, and J. Arthur Wray as treasurer will compose the executive committee of the organization, and full power was given to them to appoint the various sub-committees.

The next meeting will be held next Thursday evening, and it will be decided at that time whether the petitions will be presented to the city council at their meeting to be held the next night, or Friday.

Quite an interest is being taken in the movement to have local option submitted here. No doubt, one of the warmest fights will be waged by both the "drys" and "wets" to win in the contest.

Mr. and Mrs. F. B. Helwig of Eldorado, Ark., arrived in Maryville Friday noon on a visit to Mr. Helwig's mother, Mrs. S. A. Helwig, and his sister, Miss Katharine Helwig, of the State Normal school. The visitors are on their way home from an extended trip to California.

MADE A CONFESSION

BEATTIE ELECTROCUTED AT 7:23 O'CLOCK FRIDAY MORNING.

SORRY FOR HIS CRIME

Met Death Calmly and Showed Little Nervousness as He Went to the Electric Chair.

Special to Democrat-Forum.

Richmond, Va., Nov. 24.—Henry Clay Beattie, Jr., 27 years old, came to his death in an electric chair at 7:23 o'clock this morning, after he had made a confession that he was guilty of the murder of his young wife last July. His confession, written in the presence of two ministers, was as follows:

"I, Henry Clay Beattie, Jr., do, on this 23d day of November, 1911, confess my guilt as charged against me. Much that was published concerning details was not true, but the awful facts, without circumstances, remained. For this action I am truly sorry, and believing that I am at peace with God and soon to pass in His presence, I make this statement."

When young Beattie went to the death chair he did not break down, and outside of a little nervousness he met his death calmly.

For a few brief moments yesterday Beattie broke down. This was when he took leave of his father and brother, Douglas. When the parting came the son laid his head on his father's breast and sobbed convulsively. One arm was flung across the father's shoulders, the other hand gripped that of his brother.

But he recovered quickly. The fortitude of the elder Beattie had more to do with the recovery than the soothing offices of the Rev. Benjamin Dennis, who has labored with the prisoner. With great self-control, the father kept his emotions in check, although the tears raced down his cheeks and his lips twitched pathetically. No words were spoken, but the young wife murderer must have felt the stern repression of his parent, for his sobs were suppressed and he straightened up.

"Good-by," he said and turned away. Neither father nor brother trusted to make reply, but made their way from the penitentiary.

Mr. and Mrs. E. P. Snowden of St. Joseph, who have been the guests of Mr. and Mrs. C. J. Alderman and Mr. and Mrs. Merril J. Alderman, returned to their home Thursday evening.

NORMALS WON GAME

SKIDMORE FIVE WENT DOWN TO DEFEAT THURSDAY NIGHT.

HIGH SCHOOL WON FIRST

Quinn and Leach Starred in Curtain Raiser While the Two Macs Did the Business in Main Event.

That the Normals are extremely fond of bear meat was evident by the outcome of last night's conflict between Coach Moore's quintet and the Skidmore Teddy Bears at the Normal gymnasium. H. Seymour, who hails from Fairfax, Atchison county, Mo., was the main consumer of the Bruins. The aforesaid gentleman got a conservative total of ten field goals. He capped the climax in the first half by tipping the ball in the basket after the referee had thrown it up between Seymour and an opponent under the Normal goal. The big forward improves with every game, and he is probably a fixture on the squad. Mitchell and Perrin got four goals apiece, and these, together with the free throws, made the Normals' total 43. The two Macs—McGrew and McClintock—were certainly working right last night, for "nary" a field goal did their opponents glean. The Bruins' ten scores came from free throws by Sewell, a former Skidmore high school star.

Five minutes before the close of the game Coach Moore sent in Taylor and V. Seymour to replace the illustrious Macs, and they followed the good example set by their predecessors by not allowing a field goal.

The visitors had a short pass that bothered the Normals at times, but it availed them nothing, for as soon as they worked the ball into dangerous ground they were pounced upon by a Normal guard and relieved of the ball. Captain Barrett of the Teddy Bears said after the game that two of his regular players were out of the game last night, and that when the Normals play the return game at Skidmore they will receive a warm reception.

The line-up of the Normal-Skidmore game:

Normal—H. Seymour, right forward; Perrin, left forward; Mitchell, center; McGrew, V. Seymour, right guard; McClintock, Taylor, left guard.

Skidmore—Sewell, right forward; Barrett, left forward; Brown, Dawson, center; Littler, right guard; Strickler, left guard.

Summary—Field goals, H. Seymour 10, Perrin 4, Mitchell 4. Free throws, Perrin 7, Sewell 10.

Time of halves, 20 minutes.

Referee, Walker, Skidmore.

Umpire, Quinn, Maryville high school.

Timekeeper, Bent, Maryville.

In a curtain raiser, the Normal seconds were easily defeated by the local high school five by a score of 22 to 7. In the first few minutes of play the high school took a good lead and the outcome of the game was never in doubt. Quinn and Leach starred for the high school, while Miller was the principal performer for the teachers. The line-up.

High school—Leach and Strader, forwards; Quinn, center; Gray and David, guards.

Summary—Field goals, Miller 2, Leach 4, Quinn 5. Free throws, Daise 3, Quinn 4.

Referee, Vandersloot.

LAXATIVE SENT FREE TO TRY

It may be taken for granted that there is no family that does not sometime need a laxative. If you don't know of a good laxative, or the laxative you are using is losing its effect, we want to call your attention to Dr. Caldwell's Syrup Pepsin, which thousands of families are using successfully.

We have scores of letters from mothers, and scores from prominent men saying they are using it personally and giving it to their families, men like Mr. C. K. Smith of the Traffic Clearing House, Pine Bluff, Ark., and Mr. George B. Turner, a lawyer of Harlan, Ky. The thousands of mothers who use it themselves and give it to their children would take too much space to mention.

The reason they prefer Syrup Pepsin is that it is a mild, gentle laxative-tonic that does not gripe—effective and yet so mild that babies can take it. Its tonic ingredients invigorate the body and strengthen the stomach and bowel muscles so that they again do their work naturally. If you have been a victim of salts, pills and strong cathartics you will discard them when you once use Syrup Pepsin.

You can buy a fifty cent or one dollar bottle of any druggist, but before doing so you may want to try it free. If so, send your address to Dr. Caldwell and he will promptly forward a free sample bottle. Then, being convinced, do as others are doing and buy it in the regular way of your favorite druggist.

For the free sample address Dr. W. B. Caldwell, 541 Caldwell building, Monticello, Ill.

O. A. DODGE

URGES CLARK FOR LEADER.

In Commoner Bryan Says Missourian Should Replace Underwood.

Lincoln, Nov. 24.—W. J. Bryan, in his Commoner today urges Champ Clark to take from Underwood the leadership of the house and thus qualify for the presidency. Bryan says editorially:

"There is a progressive majority in congress, but it lacks leadership. Speaker Clark is the one of whom leadership was expected, but his usefulness in that capacity is being impaired partly by fear that he will be accused of imitating Cannon and partly because of a mistaken idea that it is his special mission to preserve harmony among the Democrats in the house. In both cases he errs.

"The progressive element in the party must have leadership in the house. If for any reason the speaker refuses to lead some one should be selected to marshal the reform forces and lead the fight. Mr. Underwood has gained undue prominence because he has been allowed to speak for the Democratic majority. He has led the party into surrenders which embarrass it; he is the head of the reactionary element of the party, the man whom the progressive leaders will have to oppose.

"Who will lead? Mr. Clark is, so far as is known, right on all public questions. Will he step forward and order a charge? Or will he act as umpire and watch the fight? He won his spurs as a fighter and cannot hope to retain the confidence of his friends if he turns the leadership over to another.

"If Mr. Clark had exhibited as speaker the qualities of leadership that made him speaker he would now be without a rival in the race for the presidential nomination. He has time yet to make himself a formidable candidate, but to do so he must lead.

"There are several planks of the Democratic platform which have not yet been taken up; are they going to be carried out or repudiated? We have fought nineteen years for the election of senators by the people. Is it to be killed in conference? The people need a champion in the house. To whom will the honor go?"

OPEN HOUSE AT ELKS CLUB.

Members and Friends to the Number of 300 Had an Enjoyable Time.

One of the most enjoyable affairs yet given in Maryville was the stag party and open house that the Elks club had Thursday evening, attended by the members and their friends. Some 300 were present. The students from the Missouri agricultural college and from the Kansas State college at Manhattan, with Prof. E. A. Trowbridge and Prof. T. G. Paterson, who are in the city inspecting live stock, were special guests.

No program was prepared, but one was given that included short addresses, jokes, singing and music. Solos were given by H. J. Becker, director of the choir of the Christian church, and by Glen Goff.

A short address was made by Prof. E. A. Trowbridge, expressing his appreciation for the entertainment the students from Missouri had received in Maryville. He said that Maryville was well known over the country among the live stock breeders, and that the reason the students came here was that they could inspect more fine live stock here than at any place he knows of.

Prof. Trowbridge was followed by Prof. T. G. Paterson, from the Kansas State Agricultural school.

A number of other addresses were given by the visitors.

Supper was served in the basement. Cards and pool were also played.

The committee in charge of the affair was composed of W. F. Phares, Frank Reuillard and Edward Keck.

WILL GEORGE POP?

Funny Man on Kansas City Times Points the Way to Timid Sisters for Next Year.

A slump in the marriage license business is causing Maryville a bit of alarm. However, business is expected to pick up considerably after January 1, 1912, because that will mark the beginning of leap year. All of which leads us to prepare our way of escape and then spring this, in German dialect: "Well, if George won't pop, Mary-ville!" Forgive me, judge, I thought she was my sister—Kansas City Times.

"Parisian Sage is the best hair grower and beautifier and dandruff cure. I lost all my hair through typhoid fever; I was almost baldheaded and my scalp was as sore as could be. I tried everything, but in vain. Finally I tried Parisian Sage, and after using one bottle my hair started to grow, and has grown three or four inches inside of two months. I advise every woman who wants beautiful hair to use Parisian Sage." Miss Meta M. Kruger, Browntown, Minn.

COMBINE FOR GOOD ROADS

COMMITTEE OF TWENTY WORKING IN JASPER COUNTY.

Motor Clubs and Counties Co-Operate to Build Rock Highway to Arkansas Line.

Joplin, Mo., Nov. 24.—For the purpose of boosting good roads in general, but more especially to work for the establishment of a Kansas City to Arkansas rock road through Jasper county, enthusiasts at Joplin have formed the Western Missouri Good Roads association. A committee of 20 is working in Jasper county and neighboring counties for memberships in the association.

Memberships in the association have been placed at $5 per month for one year and unless at least 500 men link together in the association, thus guaranteeing $30,000 annually, no funds will be available. The committee has been at work only three days and more than 100 names have been placed on the lists.

One membership has been received from a Kansas City business man and many others have been mailed to Chairman Budd Robinson here from other sections of the state. It is the intention of the association to extend until members have been obtained in every county and hamlet through which the long rock road will pass.

Associated with the good roads club are the motor clubs of Joplin, Webb City, Carterville, Carthage and Neosho and communications assuring hearty co-operation have been received from those of Barton, Newton, McDonald, Vernon, Bates, Cass and Jackson counties.

A rock road of nearly 100 miles has been constructed from Monte Ne, Ark., to the state line at McDonald county and the Joplin road boomers, not to be outdone, desire to extend the pike north to Kansas City. The county court of Jackson county has agreed to connect the north and south road with any Jackson county highway desired.

FISH HATCHERY CONTRACT LET

Kansas to Have Largest Plant of its Kind in United States at Pratt.

Topeka, Nov. 24.—The regents of the state university have let the contract to a Chicago firm for the construction of the additional plant for the state fish hatchery at Pratt. The plans for the ponds and ways were prepared without expense to the state by the engineering department of the state university.

It will be the largest hatchery in the United States. These plans provide for the construction of 83 ponds on two tracts, one of 80 acres and one of 13 acres, with a fishway connecting. Arrangements for filling the ponds, drainage and care of the fish are as nearly perfect as can be. The land is admirably located, with a plentiful supply of water piped from the Ninneschah. Trees, walks and additional buildings will be added.

There were sixteen bidders on the work, the bids varying from $51,000, up to $70,000. The estimated cost of the entire improvement is $64,000, so the whole of the $75,000 appropriated by the state will not be used.

FIRE RATES TO FEDERAL COURT

Insurance Companies Believed to be Preparing for Attack on Missouri's Law.

Jefferson City, Nov. 24.—The state insurance department has received by express the rating of 78 Missouri cities which the boards of fire underwriters have asked Frank Blake, state superintendent of insurance, to file. The latter has declined to do so until the entire state, comprising 700 cities and towns, has been re-rated on schedules founded on the basis rates filed in his department by the companies.

It is believed that the fire insurance companies offered to file the re-rating for 78 cities and towns as a prelude to an attack upon the law in the federal courts.

School Girl Saved a Train.

Chickasha, Ok. Nov. 24.—Eva Hall, a 10-year-old schoolgirl, saved a passenger train on the Oklahoma Central railroad from going into a ditch three miles east of Purcell. She was on her way from school when she discovered that a bridge over a deep gulch had been burned out. It was only a few minutes until the passenger train would be along, so she dragged some pieces of ties which had not been burned and stood upon them and flagged the train. The passengers made up a purse of $100 and presented it to the young heroine.

French Train Into River.

Samaur, France, Nov. 24.—Sixty passengers lost their lives through the plunging of a train into the River Thouet, owing to the breakdown of a bridge on the state railway at Montreuil-Bellay. Twenty bodies have been recovered.

GRAY HAIR MEANS AGE.

Is Your Hair Streaked With Gray?—Simple Remedy Restores Color.

How often one hears the expression, "She is gray and beginning to look old." It is true that gray hair usually denotes age and is always associated with age. You never hear one referred to as having gray hair and looking young.

The hair is generally the index of age. If your hair is gray, you can't blame your friends for referring to you as looking old. You can't retain a youthful appearance if you allow your hair to grow gray. Many persons of middle age jeopardize their future simply by allowing the gray hair to become manifest. If your hair has become faded or gray, try Wyeth's Sage and Sulphur Hair Remedy a preparation which a chemist by the name of Wyeth devised a few years ago. It is simple, inexpensive and practical, and will banish the gray hairs in a few days. It is also guaranteed to remove dandruff and promote the growth of the hair.

It is a pleasant dressing for the hair, and after using it a few days itching and dryness of the scalp entirely disappear.

Don't neglect your hair. Start using Wyeth's Sage and Sulphur today, and you will be surprised at the quick results.

This preparation is offered to the public at fifty cents a bottle and is recommended and sold by all druggists. Special agents, Koch Pharmacy.

LABOR LEADERS ARE OVERRULED

Must Again Stand Trial for Contempt of Court.

GOMPERS ROASTS JUDGE WRIGHT

Justice Says Offense Charged Is Not Subject to Statute of Limitations —Echo of Buck's Stove and Range Case

Washington, Nov. 24.—Samuel Gompers, John Mitchell and Frank Morrison, the labor leaders, must again stand trial in the supreme court of the District of Columbia on charges of contempt arising out of the Bucks Stove and Range case from St. Louis.

Justice Wright handed down a decision overruling the motion of the labor leaders for a dismissal of the proceedings under the statute of limitations. The court held that contempt of court is not classed as criminal and consequently not subject to the bar of the statute of limitations.

He gives the counsel representing the labor leaders three days in which to reach an agreement with the committee previously appointed as to a suitable person to be named commissioner to take testimony as to the alleged contempt.

"There being no faith or merit in any part of the motion it must be overruled," said Justice Wright. Of the labor leaders' motion urging the dismissal of the contempt proceedings he said "it seemed at best frivolous and insincere."

Atlanta, Ga., Nov. 24.—The news of Justice Wright's decision was received with anger by delegates at the American Federation of Labor convention. In reviewing President Gomper's report before Justice Wright's decision was made known, the Federation of Labor committee had criticised Justice Wright.

President Gompers read to the convention the telegrams announcing the decision of Justice Wright. He then read an extract from the report of the committee on "president's report" in which Wright was criticised. He then continued:

"I know nothing more than what this telegraph says was Justice Wright's opinion or decision, but I am willing to say this:

"Insofar as any case coming before Justice Wright in which the men of organized labor are defendants he is mentally incompetent to render a fair and impartial decision. I am wholly willing to accept as my own utterances the report of the committee which I have just read to you."

This was heartily cheered and that part of the stricture on Judge Wright in the report was adopted by the convention with tumultuous enthusiasm.

After Gompers had finished his address John Mitchell sprung the question of withdrawing their attorneys and letting the three defendants, of which he is one, take the consequence and thus "end the vindictiveness of Judge Wright."

All of Party of Five, in Accident Near Denver, Escape Injury Except One

Denver, Nov. 24.—A motor car containing two women and three men plunged from the Colorado Springs road two miles south of Welhurst near here turned over twice and ended its flight at the foot of a 10-foot embankment.

The occupants of the car were hurled some distance, and all escaped injury save W. H. Moore, manager of the Metropolitan hotel at Fort Worth, Tex., who was painfully bruised.

The other occupants of the car were Mrs. W. H. Moore and Mr. and Mrs. John R. Townsend of Denver, and the chauffeur.

Suffragette Leader Jailed.

London, Nov. 24.—Mrs. Pethick Lawrence, the head and front of the suffragette riots, was the central figure of the trial of those arrested because of the demonstration. Standing unconcernedly in the prisoners' inclosure at Bow Street police court, she listened to the evidence in support of the charge of assaulting the police and obstructing them in their performance of their duty. When the magistrate sentenced her to a month's imprisonment she did not flinch.

WOLFERS MADE A HIT

Pickering Boy Made "Keynote" Speech to Missouri University Students.

Columbia, Nov. 23.—In the first "Beat Kansas" mass meeting of the university students held here tonight, Fred Wolfers of Pickering made the speech of the season. He talked on the "proper Missouri spirit," and his remarks against the steps being taken by some just now to take down all anti-Kansas signs and give the Jayhawkers a pink tea reception were cheered again and again by the students. Mr. Wolfers spoke in mass meeting about a week ago, creating scarcely less enthusiasm than he did tonight.

In spite of the season's record, every university man and woman is confident of a victory over Kansas Saturday. Everything is in readiness for the big game, and adequate preparations have been made to accommodate the crowd at Columbia. There has already been a large seat sale, but enough temporary seats were built so that there will be no trouble in securing seats at the gate Saturday.

THREE SENTENCED

DEFENDANTS IN TAR PARTY WHO PLEADED GUILTY GET ONE YEAR

LOOKS LIKE A HUNG JURY

Kansas Case Which Has Excited Intense Indignation is Likely to End in a Mistrial.

Special to Democrat-Forum.

Lincoln Center, Kan., Nov. 24.—Three men who pleaded guilty on November 16 to taking part in the famous "tar party" case were sentenced this morning by Judge Weaver to one year in the county jail. They were Jay Fitzwater, E. G. Clark and Watson Scranton.

The jury in the famous "tar party" case, wherein Mary Chamberlain is the prosecuting witness, was still out this afternoon, and the opinion is that it will be a hung jury. The defendants that were on trial, the case going to a jury Thursday morning, were Sherrill Clark, A. N. Simms and John Schmidt. These three men were going to the scene of the assault but failed to get there until after the tarring had been done.

Lincoln Center, Kan., Nov. 24.—For more than six hours the jury in the "tar party" case considered the testimony, but when the regular adjournment of the day session was taken at 6 o'clock no verdict had been reached. A recess of an hour and a half was ordered and at 7:30 o'clock a night session was begun.

Shortly before midnight Judge Grover called the jury to the court room and asked if any progress was being made.

"We are making headway, but there is no immediate prospect of a verdict," replied Foreman Dillon.

The judge then reconsidered his determination to send the jury to their hotel at midnight and ordered the baliff to give the jury a recess of a few hours and then return them to their room.

"I intend to keep them out the rest of the night if necessary," said Judge Grover.

As the afternoon hours rolled by and no verdict was reached, the opinion that a "hung" jury would result, which has been freely ventured ever since the trial began, grew stronger. The defense and the state admitted that the cases against the three men were not equally strong, and that conditions for long discussion were favorable.

None of the court attaches nor attorneys have been able to determine upon just what point the jury had under discussion, but it was generally believed that there existed a possibility that the 12 men doubted if the tar mixture was really used on the young school teacher. The mixture was not pure tar. It was a roof paint, but very thick and containing a large amount of tar.

The suggestion also was made that the jury might have doubted the stain on the handkerchiefs was made by the same kind of paint that the can contains, in which case the link between the paint can and the tarring episode would be severed.

An effort is being made by the attorneys for the confessed men to have sentence deferred until the next term of court. The court has not promised to do this, but will hear arguments on the matter after the present case is settled.

Mrs. James Mahaffey of Lenox, Ia., arrived in Maryville Thursday evening to spend a few days with the C. J. Alderman and M. J. Alderman families.

THREE MADE REPORT

CANVASSERS IN FIRST, THIRD AND FOURTH HAD 176 NAMES.

JOS. JACKSON PRESIDENT

Local Option Organization Completed —Executive Committee Given Authority to Name Committees.

At a meeting held Thursday evening in the M. E. church, South, of those back of the movement to submit local option to a vote of the people of this city, Joseph Jackson, Sr., was elected chairman of the organization to fill the place of S. G. Gillam. Mr. Gillam declined to accept the office on account of this being a busy time of the year in his business, and also being a member of the board of public works.

There are 176 signers to the petitions asking the city council to call a special election to vote on the proposition, so it was reported Thursday evening. Some of the solicitors did not report at the meeting, and no report was made on the number of signers secured in the Second ward. The following are the numbers of signers secured in the different wards as reported: First ward, 48; third ward, 96; Fourth ward, 48.

More than enough signers are on the petitions now, so the council will have to call the election. It required one-tenth of all the votes polled at the last general election to make it imperative on the council to name a date for the election as petitioned. The petitions will still be circulated and all of the signers will be secured that can be.

Joseph Jackson, Sr., as chairman, George Moore as vice president, J. H. Sayler as secretary, and J. Arthur Wray as treasurer will compose the executive committee of the organization, and full power was given to them to appoint the various sub-committees.

The next meeting will be held next Thursday evening, and it will be decided at that time whether the petitions will be presented to the city council at their meeting to be held the next night, or Friday.

Quite an interest is being taken in the movement to have local option submitted here. No doubt, one of the warmest fights will be waged by both the "drys" and "wets" to win in the contest.

Visitors From Arkansas.

Mr. and Mrs. F. B. Helwig of Eldorado, Ark., arrived in Maryville Friday noon on a visit to Mr. Helwig's mother, Mrs. S. A. Helwig, and his sister, Miss Katharine Helwig, of the State Normal school. The visitors are on their way home from an extended trip to California.

Two Assessment Books In.

The assessment books of Hughes and Union townships were brought to the county clerk's office Friday by Col. Charles Talbott, assessor of Hughes, and Emmett Gray, assessor of Union. There have been seven assessment books received up to the present by the county clerk.

On Program at Rosendale.

Miss Hettie Anthony of the domestic science department of the Northwest Normal, went to Rosendale Friday morning to take part in the program of the corn and domestic science contest being held there.

The plaintiff alleges that the estate owes her $500 for services rendered for eleven years, such as washing, attending to household duties and taking care of her father, Elias Mann, during his last sickness. The jury in the case is composed of C. E. Groves, Charles Pfeiffer, Robert Smith, Robert Lyle, V. A. Guthrie, E. F. Jackson, Sherman Ingram, J. L. MADE A CONFESSION

BEATTIE ELECTROCUTED AT 7:23 O'CLOCK FRIDAY MORNING.

SORRY FOR HIS CRIME

Met Death Calmly and Showed Little Nervousness as He Went to the Electric Chair.

Special to Democrat-Forum.

Richmond, Va., Nov. 24.—Henry Clay Beattie, Jr., 27 years old, came to his death in an electric chair at 7:23 o'clock this morning, after he had made a confession that he was guilty of the murder of his young wife last July. His confession, written in the presence of two ministers, was as follows:

"I, Henry Clay Beattie, Jr., do, on this 23d day of November, 1911, confess my guilt as charged against me. Much that was published concerning details was not true, but the awful facts, without circumstances, remained. For this action I am truly sorry, and believing that I am at peace with God and soon to pass in His presence, I make this statement."

When young Beattie went to the death chair he did not break down, and outside of a little nervousness he met his death calmly.

For a few brief moments yesterday Beattie broke down. This was when he took leave of his father and brother, Douglas. When the parting came the son laid his head on his father's breast and sobbed convulsively. One arm was flung across the father's shoulders, the other hand gripped that of his brother.

But he recovered quickly. The fortitude of the elder Beattie had more to do with the recovery than the soothing offices of the Rev. Benjamin Dennis, who has labored with the prisoner. With great self-control, the father kept his emotions in check, although the tears raced down his cheeks and his lips twitched pathetically. No words were spoken, but the young wife murderer must have felt the stern repression of his parent, for his sobs were suppressed and he straightened up.

"Good-by," he said and turned away. Neither father nor brother trusted to make reply, but made their way from the penitentiary.

Mr. and Mrs. E. P. Snowden of St. Joseph, who have been the guests of Mr. and Mrs. C. J. Alderman and Mr. and Mrs. Merril J. Alderman, returned to their home Thursday evening.

NORMALS WON GAME

SKIDMORE FIVE WENT DOWN TO DEFEAT THURSDAY NIGHT.

HIGH SCHOOL WON FIRST

Quinn and Leach Starred in Curtain Raiser While the Two Macs Did the Business in Main Event.

That the Normals are extremely fond of bear meat was evident by the outcome of last night's conflict between Coach Moore's quintet and the Skidmore Teddy Bears at the Normal gymnasium. H. Seymour, who hails from Fairfax, Atchison county, Mo., was the main consumer of the Bruins. The aforesaid gentleman got a conservative total of ten field goals. He capped the climax in the first half by tipping the ball in the basket after the referee had thrown it up between Seymour and an opponent under the Normal goal. The big forward improves with every game, and he is probably a fixture on the squad. Mitchell and Perrin got four goals apiece, and these, together with the free throws, made the Normals' total 43. The two Macs—McGrew and McClintock—were certainly working right last night, for "nary" a field goal did their opponents glean. The Bruins' ten scores came from free throws by Sewell, a former Skidmore high school star.

Five minutes before the close of the game Coach Moore sent in Taylor and V. Seymour to replace the illustrious Macs, and they followed the good example set by their predecessors by not allowing a field goal.

The visitors had a short pass that bothered the Normals at times, but it availed them nothing, for as soon as they worked the ball into dangerous ground they were pounced upon by a Normal guard and relieved of the ball. Captain Barrett of the Teddy Bears said after the game that two of his regular players were out of the game last night, and that when the Normals play the return game at Skidmore they will receive a warm reception.

The line-up of the Normal-Skidmore game:

Normal—H. Seymour, right forward; Perrin, left forward; Mitchell, center; McGrew, V. Seymour, right guard; McClintock, Taylor, left guard.

Skidmore—Sewell, right forward; Barrett, left forward; Brown, Dawson, center; Littler, right guard; Strickler, left guard.

Summary—Field goals, H. Seymour 10, Perrin 4, Mitchell 4. Free throws, Perrin 7, Sewell 10.

Time of halves, 20 minutes.

Referee, Walker, Skidmore.

Umpire, Quinn, Maryville high school.

Timekeeper, Bent, Maryville.

In a curtain raiser, the Normal seconds were easily defeated by the local high school five by a score of 22 to 7. In the first few minutes of play the high school took a good lead and the outcome of the game was never in doubt. Quinn and Leach starred for the high school, while Miller was the principal performer for the teachers. The line-up.

High school—Leach and Strader, forwards; Quinn, center; Gray and David, guards.

Summary—Field goals, Miller 2, Leach 4, Quinn 5. Free throws, Daise 3, Quinn 4.

Referee, Vandersloot.

LAXATIVE SENT FREE TO TRY

It may be taken for granted that there is no family that does not sometime need a laxative. If you don't know of a good laxative, or the laxative you are using is losing its effect, we want to call your attention to Dr. Caldwell's Syrup Pepsin, which thousands of families are using successfully.

We have scores of letters from mothers, and scores from prominent men saying they are using it personally and giving it to their families, men like Mr. C. K. Smith of the Traffic Clearing House, Pine Bluff, Ark., and Mr. George B. Turner, a lawyer of Harlan, Ky. The thousands of mothers who use it themselves and give it to their children would take too much space to mention.

The reason they prefer Syrup Pepsin is that it is a mild, gentle laxative-tonic that does not gripe—effective and yet so mild that babies can take it. Its tonic ingredients invigorate the body and strengthen the stomach and bowel muscles so that they again do their work naturally. If you have been a victim of salts, pills and strong cathartics you will discard them when you once use Syrup Pepsin.

You can buy a fifty cent or one dollar bottle of any druggist, but before doing so you may want to try it free. If so, send your address to Dr. Caldwell and he will promptly forward a free sample bottle. Then, being convinced, do as others are doing and buy it in the regular way of your favorite druggist.

For the free sample address Dr. W. B. Caldwell, 541 Caldwell building, Monticello, Ill.

URGES CLARK FOR LEADER.

In Commoner Bryan Says Missourian Should Replace Underwood.

Lincoln, Nov. 24.—W. J. Bryan, in his Commoner today urges Champ Clark to take from Underwood the leadership of the house and thus qualify for the presidency. Bryan says editorially:

"There is a progressive majority in congress, but it lacks leadership. Speaker Clark is the one of whom leadership was expected, but his usefulness in that capacity is being impaired partly by fear that he will be accused of imitating Cannon and partly because of a mistaken idea that it is his special mission to preserve harmony among the Democrats in the house. In both cases he errs.

"The progressive element in the party must have leadership in the house. If for any reason the speaker refuses to lead some one should be selected to marshal the reform forces and lead the fight. Mr. Underwood has gained undue prominence because he has been allowed to speak for the Democratic majority. He has led the party into surrenders which embarrass it; he is the head of the reactionary element of the party, the man whom the progressive leaders will have to oppose.

"Who will lead? Mr. Clark is, so far as is known, right on all public questions. Will he step forward and order a charge? Or will he act as umpire and watch the fight? He won his spurs as a fighter and cannot hope to retain the confidence of his friends if he turns the leadership over to another.

"If Mr. Clark had exhibited as speaker the qualities of leadership that made him speaker he would now be without a rival in the race for the presidential nomination. He has time yet to make himself a formidable candidate, but to do so he must lead.

"There are several planks of the Democratic platform which have not yet been taken up; are they going to be carried out or repudiated? We have fought nineteen years for the election of senators by the people. Is it to be killed in conference? The people need a champion in the house. To whom will the honor go?"

OPEN HOUSE AT ELKS CLUB.

Members and Friends to the Number of 300 Had an Enjoyable Time.

One of the most enjoyable affairs yet given in Maryville was the stag party and open house that the Elks club had Thursday evening, attended by the members and their friends. Some 300 were present. The students from the Missouri agricultural college and from the Kansas State college at Manhattan, with Prof. E. A. Trowbridge and Prof. T. G. Paterson, who are in the city inspecting live stock, were special guests.

No program was prepared, but one was given that included short addresses, jokes, singing and music. Solos were given by H. J. Becker, director of the choir of the Christian church, and by Glen Goff.

A short address was made by Prof. E. A. Trowbridge, expressing his appreciation for the entertainment the students from Missouri had received in Maryville. He said that Maryville was well known over the country among the live stock breeders, and that the reason the students came here was that they could inspect more fine live stock here than at any place he knows of.

Prof. Trowbridge was followed by Prof. T. G. Paterson, from the Kansas State Agricultural school.

A number of other addresses were given by the visitors.

Supper was served in the basement. Cards and pool were also played.

The committee in charge of the affair was composed of W. F. Phares, Frank Reuillard and Edward Keck.

WILL GEORGE POP?

Funny Man on Kansas City Times Points the Way to Timid Sisters for Next Year.

A slump in the marriage license business is causing Maryville a bit of alarm. However, business is expected to pick up considerably after January 1, 1912, because that will mark the beginning of leap year. All of which leads us to prepare our way of escape and then spring this, in German dialect: "Well, if George won't pop, Mary-ville!" Forgive me, judge, I thought she was my sister—Kansas City Times.

COMBINE FOR GOOD ROADS

COMMITTEE OF TWENTY WORKING IN JASPER COUNTY.

Motor Clubs and Counties Co-Operate to Build Rock Highway to Arkansas Line.

Joplin, Mo., Nov. 24.—For the purpose of boosting good roads in general, but more especially to work for the establishment of a Kansas City to Arkansas rock road through Jasper county, enthusiasts at Joplin have formed the Western Missouri Good Roads association. A committee of 20 is working in Jasper county and neighboring counties for memberships in the association.

Memberships in the association have been placed at $5 per month for one year and unless at least 500 men link together in the association, thus guaranteeing $30,000 annually, no funds will be available. The committee has been at work only three days and more than 100 names have been placed on the lists.

One membership has been received from a Kansas City business man and many others have been mailed to Chairman Budd Robinson here from other sections of the state. It is the intention of the association to extend until members have been obtained in every county and hamlet through which the long rock road will pass.

Associated with the good roads club are the motor clubs of Joplin, Webb City, Carterville, Carthage and Neosho and communications assuring hearty co-operation have been received from those of Barton, Newton, McDonald, Vernon, Bates, Cass and Jackson counties.

A rock road of nearly 100 miles has been constructed from Monte Ne, Ark., to the state line at McDonald county and the Joplin road boomers, not to be outdone, desire to extend the pike north to Kansas City. The county court of Jackson county has agreed to connect the north and south road with any Jackson county highway desired.

FISH HATCHERY CONTRACT LET

Kansas to Have Largest Plant of its Kind in United States at Pratt.

Topeka, Nov. 24.—The regents of the state university have let the contract to a Chicago firm for the construction of the additional plant for the state fish hatchery at Pratt. The plans for the ponds and ways were prepared without expense to the state by the engineering department of the state university.

It will be the largest hatchery in the United States. These plans provide for the construction of 83 ponds on two tracts, one of 80 acres and one of 13 acres, with a fishway connecting. Arrangements for filling the ponds, drainage and care of the fish are as nearly perfect as can be. The land is admirably located, with a plentiful supply of water piped from the Ninneschah. Trees, walks and additional buildings will be added.

There were sixteen bidders on the work, the bids varying from $51,000, up to $70,000. The estimated cost of the entire improvement is $64,000, so the whole of the $75,000 appropriated by the state will not be used.

FIRE RATES TO FEDERAL COURT

Insurance Companies Believed to be Preparing for Attack on Missouri's Law.

Jefferson City, Nov. 24.—The state insurance department has received by express the rating of 78 Missouri cities which the boards of fire underwriters have asked Frank Blake, state superintendent of insurance, to file. The latter has declined to do so until the entire state, comprising 700 cities and towns, has been re-rated on schedules founded on the basis rates filed in his department by the companies.

It is believed that the fire insurance companies offered to file the re-rating for 78 cities and towns as a prelude to an attack upon the law in the federal courts.

School Girl Saved a Train.

Chickasha, Ok. Nov. 24.—Eva Hall, a 10-year-old schoolgirl, saved a passenger train on the Oklahoma Central railroad from going into a ditch three miles east of Purcell. She was on her way from school when she discovered that a bridge over a deep gulch had been burned out. It was only a few minutes until the passenger train would be along, so she dragged some pieces of ties which had not been burned and stood upon them and flagged the train. The passengers made up a purse of $100 and presented it to the young heroine.

French Train Into River.

Samaur, France, Nov. 24.—Sixty passengers lost their lives through the plunging of a train into the River Thouet, owing to the breakdown of a bridge on the state railway at Montreuil-Bellay. Twenty bodies have been recovered.

Idaho Counties Turn Wet.

Boise, Idaho, Nov. 24.—Belated returns from the local option election in Kootenai and Idaho counties show that prohibition was defeated by a small margin. Both counties voted "dry" two years ago.

GRAY HAIR MEANS AGE.

Is Your Hair Streaked With Gray?—Simple Remedy Restores Color.

How often one hears the expression, "She is gray and beginning to look old." It is true that gray hair usually denotes age and is always associated with age. You never hear one referred to as having gray hair and looking young.

The hair is generally the index of age. If your hair is gray, you can't blame your friends for referring to you as looking old. You can't retain a youthful appearance if you allow your hair to grow gray. Many persons of middle age jeopardize their future simply by allowing the gray hair to become manifest. If your hair has become faded or gray, try Wyeth's Sage and Sulphur Hair Remedy a preparation which a chemist by the name of Wyeth devised a few years ago. It is simple, inexpensive and practical, and will banish the gray hairs in a few days. It is also guaranteed to remove dandruff and promote the growth of the hair.

It is a pleasant dressing for the hair, and after using it a few days itching and dryness of the scalp entirely disappear.

Don't neglect your hair. Start using Wyeth's Sage and Sulphur today, and you will be surprised at the quick results.

This preparation is offered to the public at fifty cents a bottle and is recommended and sold by all druggists. Special agents, Koch Pharmacy.

LABOR LEADERS ARE OVERRULED

Must Again Stand Trial for Contempt of Court.

GOMPERS ROASTS JUDGE WRIGHT

Justice Says Offense Charged is Not Subject to Statute of Limitations —Echo of Buck's Stove and Range Case

Washington, Nov. 24.— Samuel Gompers, John Mitchell and Frank Morrison, the labor leaders, must again stand trial in the supreme court of the District of Columbia on charges of contempt arising out of the Bucks Stove and Range case from St. Louis.

Justice Wright handed down a decision overruling the motion of the labor leaders for a dismissal of the proceedings under the statute of limitations. The court held that contempt of court is not classed as criminal and consequently not subject to the bar of the statute of limitations.

He gives the counsel representing the labor leaders three days in which to reach an agreement with the committee previously appointed as to a suitable person to be named commissioner to take testimony as to the alleged contempt.

"There being no faith or merit in any part of the motion it must be overruled," said Justice Wright. Of the labor leaders' motion urging the dismissal of the contempt proceedings he said "it seemed at best frivolous and insincere."

Atlanta, Ga., Nov. 24.—The news of Justice Wright's decision was received with anger by delegates at the American Federation of Labor convention. In reviewing President Gomper's report before Justice Wright's decision was made known, the Federation of Labor committee had criticised Justice Wright.

President Gompers read to the convention the telegrams announcing the decision of Justice Wright. He then read an extract from the report of the committee on "president's report" in which Wright was criticised. He then continued:

"I know nothing more than what this telegraph says was Justice Wright's opinion or decision, but I am willing to say this:

"Insofar as any case coming before Justice Wright in which the men of organized labor are defendants he is mentally incompetent to render a fair and impartial decision. I am wholly willing to accept as my own utterances the report of the committee which I have just read to you."

This was heartily cheered and that part of the stricture on Judge Wright in the report was adopted by the convention with tumultuous enthusiasm.

After Gompers had finished his address John Mitchell sprung the question of withdrawing their attorneys and letting the three defendants, of which he is one, take the consequence and thus "end the vindictiveness of Judge Wright."

Suffragette Leader Jailed.

London, Nov. 24.—Mrs. Pethick Lawrence, the head and front of the suffragette riots, was the central figure of the trial of those arrested because of the demonstration. Standing unconcernedly in the prisoners' inclosure at Bow Street police court, she listened to the evidence in support of the charge of assaulting the police and obstructing them in their performance of their duty. When the magistrate sentenced her to a month's imprisonment she did not flinch.

J., Nov. 24.—The officers of the public service corporation of New Jersey have received a draft for $100 from a conscience-stricken college man in Portland, Ore., who states that the amount covers his stealings from trolley fares collected while working as a conductor here in the summer vacation.
